

WYCOMBE Wanderers new signing at the start of the season, Barry Davies, was sacked by club manager Brian Lee on Saturday (writes Stuart Earp).

Lee told me on Monday, "I told Davies to leave the club. His attitude towards the club, team and rest of the squad was not right. I left him out of the side against Enfield on Saturday and he was not prepared to be substitute so I told him to leave."

Davies is expected to return to fellow Isthmian Leaguers Leatherhead, from whom he joined at the start of the campaign. His form over the last two weeks has been well below par, John Hutchinson being preferred to him in midfield on Saturday.

But while one player left the Blues last week, another old

favourite returned in the form of Tony Horseman.

Tony, during a 12 year stay at Wycombe topped the goal-scoring charts on numerous occasions. He gave up Isthmian football at the start of the season saying it was unlikely he would play for Wanderers again.

Having seen Wycombe's goal problems this term from the touchline however, he has decided to sign on again. He has been training for two weeks with the club and in fact played one game for Ernest Turners last week.

Brian Lee was happy to have Horseman back in his

squad. "He is still a great player and I doubt whether he is finished when he scored 30 goals in an Isthmian League championship side last season!" he said.

Depending on Mick Holford's leg injury, Horseman could make a return to the side tonight (Tuesday) when the Blues visit old rivals St. Albans, looking for the first victory since Leytonstone on August 30. They have lost 2-0 at Walthamstow, 1-0 against Hendon and on Saturday came back well to take a point at home to Enfield, in their last three outings.

Wycombe have never won

at St. Albans during Brian Lee's four year stay with the club. The manager could well break his 'duck' tonight for the Saints have only met with mediocre results this season. Manager John Drabwell has been unable to find a satisfactory formula from his 16 strong squad.

Geoff Anthony has been playing regularly but has yet to score while Bernie Bremer has been unavailable recently. Both are former Wanderers. New players include Howkins, a defender and coloured front runner Dennis Gill, an elusive customer. Also upfront is normal full back Burgess, who this season has been playing at centre forward.

A 2-1 defeat at home to Tooting and Mitcham was the Saints result on Saturday. Wanderers travel to Sandy Lane to meet Tooting on Saturday in the F.A. Cup.
